Fatality, Four Injuries Mar Daly City Accident Record

Daly City's four year non-fatality traffic record was smashed during a driving rain Wednesday night when two cars crashed head-on on Alemany boulevard, bringing death to a 42-year-old San Francisco man. Pronounced dead on arrival at Junipero Serra hospital was Garnet Albert Bedell, 2160 Van Ness avenue, San Francisco.

Driver of the other auto, Kenneth Dean Sampson, 23, 139 Crestwood drive, apartment 11, told officers that he was going west on Alemany at 7 p.m. when Bedell's car crossed the center line and plowed face-on into Sampson's vehicle.

Second tragedy within 24 hours was entered in the Daly City traffic annals Thursday morning when a car skidded off Skyline boulevard down a 40-foot cliff. Driver of the auto, James P. Rylander, Jr., 813 Kern street, Richmond, is at Junipero Serra hospital where he is listed in critical condition.

Police said Rylander was alone in the auto at the time of the mishap, cause of which is still under investigation.

Injuries included a possible broken neck, hospital attendants said.

Force of the crash was so great that Bedell's auto spun around in the opposite direction. Police found the dead man lying on the pavement with his feet still in the car. With Bedell was his wife, Grace, now in critical condition with a skull fracture at Junipero Serra hospital.

Sampson was hospitalized with severe cuts and bruises.

Ironic aftermath of the collision came when Mrs. Ruby Weisner,

MYSTERY BLAST at Benjamin Franklin school Monday left an estimated $5000 damage. Steam boiler exploded, but authorities were unable to determine cause. Boiler itself was not damaged, but heavy doors, vents and glass were thrown distances up to 30 feet by force of the blast, and structure of the building was damaged. The more than 200 children attending classes remained calm after the explosion and there were no injuries. THE RECORD photo

BOILER EXPLOSION DAMAGE AT BEN FRANKLIN IS $5000

Authorities were still baffled today over the cause of a steam boiler explosion which rocked the rear of Benjamin Franklin school Monday and did some $5000 damage to the walls and windows of the building.

Although the blast occurred at 11 a.m. while classes were in session, there were no injuries. Children were kept in their classes and did not panic, according to Principal Miss Marjorie Tobias.

The blast ripped off a 20-foot section of window panes at the upper half of the boiler room, and showered the adjacent boys lavatory with glass splinters. No children were in the lavatory, however.

Immediate damage was estimated at about $2000. but it was later learned that force of the explosion had resulted in excessive damage to the structure of the walls and roof, separating the plaster from the wood. Cost of replacing the walls and other damaged materials was placed at approximately $5000.

Two 100-pound doors which enclosed the boiler were hurled 20 feet by the explosion, while a 150-pound vent was cast 30 feet. Chunks of glass were spewed in a 30-foot radius around the boiler.

The explosion was heard as far as the Westlake Shopping Center and one eye witness, Frank Clark, job superintendent of Henry Doelger Co., said "The wall just seemed to bulge out, and debris went flying every direction. There was a loud noise and a little smoke and the whole top of the building seemed to raise up."

The boiler supplies heat for the school's radiant heating system. Only explanation given for cause of the blast was that "apparently the automatic controls failed, "according to local PG&E manager Joseph Rohl. He said, however, that there "was nothing wrong with the equipment that we could determine."

Peter Markovich, insurance agent for the district said an adjuster had estimated damage at between $1500 and $1800, and maybe even higher." This estimate was made, however, before it was learned of the excessive damage to the actual structure of the building.

Rohl said there was evidence that a pocket of gas had formed about five feet from the floor level and when ignited touched off the explosion. The equipment itself was not visibly damaged, he said.

Gunmen Get $150 Cash In Hold-Up

Two Mexican men, one brandishing a .45 automatic, held up a Colma cleaning establishment early Monday evening and made off with approximately $150 in bills.

The victim, William Herschel, owner of the Drive-In Cleaners, 996 Hillside boulevard at the corner of Market, was seated behind the counter when the two men entered.

One of the bandits poked the pistol into Herschel's stomach and told him tersely to "Sit down, don't move, put your hands on the counter," while his accomplice went straight to the cash register and took out all the currency—in 20, 10 and 5 dollar bills.

The men escaped in a 1948 gunmetal gray Mercury with '55 California license plates. Herschel observed the last three numbers of the license, but forgot them in his excitement after the robbery, according to Broadmoor Police Chief Ray Savage.

Herschel described the men as "Mexican types." He said the one wielding the gun was short and stocky and wore a purple sport shirt with a grey sport coat. The second bandit, wearing a gray suit, was "very tall and thin and seemed nervous," according to the victim. They were both between 30 and 35 years old Herschel said.

The gunmen left between $10 and $12 in coin in the till.

Broadmoor police, in conjunction with the sheriff's office, are investigating the case, according to Savage.

RECALL GROUP CLAIMS ONLY 400 SHORT OF GOAL

The recall group today moved to within some 400 of the necessary signatures to force an election, according to Paul Selmi, leader of the campaign.

Selmi said he thought, "We have over 700," but explained that a special meeting was scheduled for last night to determine the exact amount.

A total of 1081 valid signatures, or 12 per cent of the 9011 voters who were registered by January 12 when the petition notice was published, are required.

Although the total Daly City registration jumped to 10,937 at the deadline last week, those voters who registered after January 12 will not be computed in figuring the signatures required.

The recall group hopes to file the petition about March 7, according to Selmi, in order to allow ample time for the issue to be placed on the ballot at the regular April 10 election.

Selmi said his group had "about $400—enough to take care of current expenses and a little surplus left over."

Objects of the recall are Councilmen Sanford Vickers, Micheal De Bernardi and Del Wilson.

Parkman Tells Callan He'll Seek Allocation For Broadmoor Drain

Sen. Harry Parkman has promised to work for a state allocation of $75,000 to construct an adequate storm drain in the Broadmoor area, according to Supervisor Thomas Callan Sr.

Callan said he met with Parkman Tuesday and was assured by the senator that efforts would be made to obtain the allocation.

A "surprise" applicant for a permit to operate taxi service in Daly City will be Yellow Cab Co., reliable sources say.

Monday night a public hearing will be held on application of GEORGE MOUNTANOS to operate the Westlake Taxi Co., which would be Daly City's second cab firm. Mountanos was among those subpoenaed to testify in the hearing for fired cop DAVE JOHNSTONE.

Up to now the sole operator in Daly City has been Hilltop Cab Co. One of the owners of this firm is GEORGE KIRCHHUBEL, constant critic of the administration.

The council would probably be interested in offering Hilltop some

COUNCIL, SELMI FEUD CONTINUES

The city council will pass a resolution next Monday night calling for transfer of $10,000 from the water replacement and extension fund to the water works operating fund.

City treasurer Paul Selmi has charged that the transfer is an illegal one, and all eyes will be on the treasurer to see if he signs the warrant validating the transfer. The council has indicated it will take legal steps against Selmi if he balks at signing.

On February 14 in a marathon harangue with the council, Selmi said he would agree to the transaction if city auditor Robert Hunter would send him a letter explaining just what the money was for and how the accounting would be done.

Selmi was on hand at Monday's council meeting, but did not commit himself on the transfer.

After receiving the auditor's letter, which had been mailed to council, the treasurer said, "I'll study it over and act accordingly. There were items on this transfer that didn't jive. I still haven't found the resolution yet that authorizes the transfer."

"Resolution Not Needed"

City Attorney Frank Blum said there was no need for a resolution, and that he had verified this with Kirkbride & Wilson, holders of the municipal water revenue bonds.

Selmi's earlier request that the city pay for a lawyer to represent him in the transfer issue was also taken up, but was not voted on after strong protest from Councilman Edward Dennis. Selmi was represented last week by H. Ward Dawson Jr.

START CANDIDATES PLATFORMS TODAY

Platforms of the various candidates running for Daly City elective offices may be found on page 3 of this week's RECORD.

In order to inform the voters of the candidates' qualifications and purposes, THE RECORD will publish the platforms each week until the April 10 election.

City's 10,937 Vote Signup Termed "Unexpectedly Low"

A total of 10,937 Daly City residents will be eligible to vote in the April 10 election, it was revealed today by City Clerk B. C. Ross. Deadline for voter registration was last Thursday.

Number of eligible voters this year saw an increase of only 478 over registration for the 1954 city election. Despite the fact that the signup amounted to a record number, the city clerk termed the total "unexpectedly low due to the tremendous growth of population during the past two years."

Positions on the April 10 ballot will include two council seats, and the treasurer and city clerk posts. Seven persons in all have declared they will run for the council, two residents have joined the race for the treasury post and only one has filed for the city clerk position.

State Loan Vote

Only other local election for which voter registration has been determined is on March 27 when residents in the Jefferson Elementary School district will cast ballots on whether to approve a state loan amounting up to $2,500,000. The county elections office said today that registration in the school district is 12,293.

Deadline for area residents to register for school board elections in the Jefferson Union high and Jefferson elementary districts is

DC Auto Dealer To Face Attempted Rape Charges

Thomas Drake, 26, local automobile dealer, faces a charge of attempted rape filed against him Tuesday by a 19-year-old San Francisco girl. Date of the alleged assault, Sunday, fell only a few days after Drake returned from a honeymoon with his bride of less than a month.

The alleged victim, who is separated from her husband and is the mother of a year-old baby, charges that the incident occurred while Drake was supposedly interviewing her for a job.

She related that her roommate's brother, who works for the automobile dealer, made an appointment for her to see Drake Sunday afternoon. When she arrived at the Mission street used car lot, Drake suggested they go out for coffee but instead drove to her roommate's brother's apartment

TAXI PERMIT AND DUMP ANNEXATION HEARINGS MONDAY

Public hearings on two important issues will be held by the city council Monday night.

George Mountanos, 757 Beechwood drive, will present arguments on behalf of his application to operate a second taxi company here.

The second hearing will be on the proposed annexation of 82 acres of coastal property, 72 acres of which would be operated as a fill and cover dump site.

Owner of the land, John MacReady, is expected to protest the annexation. He has asked for $58,000 for the land, while the city's

Grocery Store Permit Approved By Council

City council Monday night approved granting use permit for a grocery store at 499 Bellevue avenue, as recommended by the planning commission.

Technically, the store was granted a non-conforming use permit, since the area is zoned for residential.

The store had been located there some 22 years, but closed 10 months recently and therefore had to re-apply for a permit.

Jefferson Elementary School district has protested the granting of a beer and wine license for the store, since it is in the vicinity of two schools.

CIAMPI OFFERS SERVICES FREE ON CENTER PLANS

Architect Mario Ciampi said Monday night that he would waive any payments due him for plans on the Daly City community center and agreed to offer his services free in order to see the building completed.

The council had called Ciampi before them to negotiate for a cash settlement to the architect for plans he drew on portions of the building which are not yet complete.

City Manager Howard Stites explained that the city was anxious to proceed with completion of the building, but would only be able to do the job a little at a time each year.

"We'd like to have a cash settlement as to the value of your

"Top Of The Hill" To Hold Dollar Days Sale March 1, 2, 3

The "Top of the Hill" area on Mission street is bustling with activity as merchants make final preparations for their first "Dollar Days" sale to be held next Thursday, Friday and Saturday, March 1, 2 and 3.

The sales promotion event will be heralded by newspaper advertising, signs and displays.

On the three days of the sale Thrifty Shopper Stamp merchants will offer double stamps for valuable premiums.

Parking will be "on us," according to the merchants. Most of the businessmen will have a "kitty" inside the store where patrons can pick up change to put in the parking meters.

Thus far there are a total of 25 merchants definitely participating in the "Dollar Days," while several others are expected to take part.

Emphasis of the sale will be on offering genuine bargains for $1 or more.

Should the sale prove successful, this event may lead to regular sales promotions by "Top of the Hill" merchants.

Those who are definitely signed up for the "Dollar Days" are: Porte's Department Store, McGraw's Pharmacy, Market Basket grocery and meats, Hilltop Market grocery and meats, Karl's Shoes, Mode-O-Day, Lee's Drugs, Daly City Drug, Daly City Hardware, Gleason's Dress Shop, Hopman Electric, Daly City Cleaners, Daly City Poultry, Ray-Al's Clothing, Vista Grande Market, Relish Bakery, Shannon Hardware, Kennedy Electric, Keithley's Market, Daly City Super Service, Byrne Radio & TV, Crocker Cleaners, Hilltop Cleaners and Cooper's Kitchen.

Cave-In Victims Ask $25,000 Damage From Jeff District

Claim for $25,000 damages has been filed against the Jefferson Elementary School district by Mr. and Mrs. James Bullis, who recently were forced to flee their Broadmoor home when it was threatened by cave-ins on the adjacent Vista Del Mar school site property.

Recent heavy rains have chopped off the bank adjacent to the Bullis home, 932 Bradley drive, until it is now only a few feet from the edge of the 40-foot cliff. School trustees took the stand at their last meeting that the district was not responsible for damage to the Bullis property.

Claim against the district, however, states that the district, "by and through their servants, agents and employees, did authorize, permit, consent and acquiesce improper and unusual excavations . . . and existence of a dangerous and harmful condition."

Grading on the Vista Del Mar site was done by the Henry Doelger corporation.

That the district was "generally careless and negligent in failing to take reasonable and prudent action after notice of danger to claimant's property and did fail to provide lateral and sub-adjacent support to claimant's land" is also charged.

Damages are asked for "permanent damage to real property and building, cost of necessary repairs and maintenance, loss of said property and building and fear and emotional pain and suffering."

Attorney for the Bullises, James J. Duryea, said today that the claim was filed in conformance with educational requirements and that he had not yet determined whether the Doelger corporation would be named as co-defendant in the suit.

Action on the claim is expected to be taken by the board at their next meeting on March 14.

$400 Silver Stolen From Daly City Home

Valuable silver, estimated to be worth $400, was discovered missing from a Daly City home Friday. Victim of the theft, James Mitchell, 71, 166 Bellevue avenue, told police that he had been plagued by thefts for several years while living in many different locations.

Stolen items were purchased in South America, Mitchell reported. Listed as missing were six 17th century sterling silver coffee spoons with the British royal crest on each handle, valued by the U. S. customs at $300, and nine dinner forks worth $100.

The silver was last seen January 21 when it was cleaned, after which it was wrapped in paper, placed in a case and put away in the closet of the master bedroom.

THE DUMPS at the west end of Marchbanks park has been scraped down and filled in, and the rat problem there has been apparently cleaned up. Rats, attracted by wet garbage dumped there, were discovered several weeks ago. The city has stopped all dumping there.

competition, but who they want for competition is a moot question.

Among north county citizens who have tax refunds coming from 1954 and can't be located by the department of internal revnue is FRANK LOMBARDI.

Our guess is he won't come back for the refund. Lombardi was long gone from this area last year after some sensational testimony about a call-house operation.

Nobody's seen him around here since.

Women circulating a petition against double sessions in schools are running up against competition: The recall petitioners are also out in force.

According to one of the double sessions petitioners, they're getting one door in three closed in their faces because the homeowners think they're petitioning for the recall.

People who like to sign things are going to get writers cramp if any more petitions spring up.

Just came across a 1922 clipping from THE RECORD, which shows that even in those days the low bidder didn't always get the contract.

The report of the city council meeting read, in part, "The question of bids for paving in the West End, which was continued from the last meeting, received consideration first. A petition was submitted, signed by 80 per cent of the residents in that section, requesting that the contract be awarded to McDonald Improvement Co., whose figure was $35,780. This was not the lowest bid, but the residents of the district concerned expressed a strong preference for the McDonald Co."

In those days the councilmen were called Trustees.

Incidentally, the trustees made an appointment that night: They named B. C. ROSS city clerk.

You may not realize it, but three Wednesdays in a row this month were special observances.

Wednesday, February 15, was Ash Wednesday. Wednesday of this week, of course, was George Washington's birthday.

And next Wednesday, 'lest eligible bachelors forget and be off their guard, is February 29, which only comes once a year and is the focal point of Leap Year. Leap, brother, leap.

CALLAN SAYS HE'LL RUN AGAIN AND WIN

County Supervisor Thomas Callan Sr. of Colma said today he would "definitely" be a candidate for re-election to the board June 5.

Callan, now chairman of the board, said, "I'm confident that I will be victorious."

If re-elected to the four-year position, Callan would hold his chairmanship until the end of 1956.

Other supervisors whose terms expire this year are William Werder and Alvin Hatch. Deadline for filing is April 12.

Council, Selmi Feud Continues

(Continued on Page 2)

Sanford Vickers that the city refuse to pay Selmi's lawyer, Dennis interrupted, stating, "No motion is needed. We should ignore this." Selmi snapped, "It shouldn't be ignored."

"I think it's ridiculous that we even vote on this," said Dennis. "We've got a city attorney here and Selmi can use his services."

"Don't Agree"

"I certainly don't agree with you," retorted the treasurer."

When Mayor Joseph Verducci reminded the council that they had a motion before them. Dennis objected, saying, "The motion is out of order. You won't get a second from me."

Vickers then agreed to rescind his motion."

Councilman Micheal De Bernardi said, "In severe cases it's feasible that an employee could need legal counsel. But this business last week by Dawson was strictly administrative. There was nothing involving legality about his appearance. He was actually doing Selmi's job as treasurer."

Blum then reminded the council that no action was required until a claim was filed by Dawson or Selmi for payment.

The city attorney then revealed to the council that he had talked with Mr. Wilson of the bonding company and that Wilson had told him "There was nothing illegal about the transfer. It's not a question of law, but of accounting."

$22,000 'Discrepancy'

A question of a $22,000 bookkeeping discrepancy between the city clerk's and Selmi's records was also brought up by City Clerk B. C. Ross.

Ross said, "Right now, I'm $22,000 out of balance with Selmi. The reason is the previous council decided to approve expenditures and transfers by resolution. I follow the council's resolutions and Selmi uses the city warrants. The net result is I don't have a record of the disbursement." Ross suggested that Selmi work out a system to go by either the warrants or resolutions.

Verducci related that, "Two years ago when I became mayor you (Ross) and Selmi met to try to reconcile these things. It hasn't been done."

City Manager Howard Stites suggested that an identifying mark be placed on all warrants which were for transfer so that Ross could separate them from actual charges against the city's bank account.

Ross agreed to this.

"Council's Fault"

Selmi then took the floor. "You've said everything in your favor. Now let me say mine. My figures have to reconcile with the bank account and they always do. There are no errors with me on the clerk. It's mostly the council's fault."

Dennis and De Bernardi together denied this with a firm, "No."

Blum then suggested that the two officials get together, and decide whether transfers would be made by resolution or warrant.

"Two years ago," said De Bernardi, "Selmi and Ross met. Now you (Selmi) just want some cheap publicity. If there were any discrepancies in the past two years, why couldn't this have come to the council."

Answered Selmi, "I ask you to name one time in which I was in dispute with the council, except on this transfer."

"My point is," continued De Bernardi, "That Ross has said there was a $22,000 discrepancy between your books. This didn't happen all at once."

"The only discrepancy was with the city council," answered the treasurer."

Blum proposed that the accounts be audited by Hunter.

Selmi closed his part in the evening's debate by saying, "What I didn't like was the insinuations."

June 5 Elections

Consolidated presidential and direct primary election will be held June 5. Vacancy in the 25th state assembly district will also be remedied on this date.

Terms of three county supervisors expire this year as does the term of Superior Court Judge Murray Draper.

Also to be decided at the June 5 primaries will be the county central committees of each political party in each of the supervisory districts. Deadline for registration for the June 5 election is April 12.

General national election on November 6 has a deadline of September 13.

plans," said Stites. "The city doesn't have the money to fully complete the building now. We may alter your plans or use them in entirety."

"I'll go along with anything you decide," said the architect. "It's a shame to see that building sitting uncompleted. The center is studied by architects all over the world."

Stites commented that he didn't think some of the supervision and inspection of previous construction on the building was adequate.

Ciampi said that this wasn't under his jurisdiction, but suggested that the city handle supervision and inspection of the remaining work, "So you won't have any apprehensions."

The council lauded Ciampi for his gesture in agreeing to aid in completion of the building without charging for his services.

on East Vista street.

Once inside, he suddenly threw her on the bed and told her to submit to him if she wanted a job, the girl related.

The girl claimed that when Drake began to disrobe, she fought back in self defense. He is charged with hitting her with his fists and throwing her to the floor before she broke free and fled the apartment.

Drake followed her in his car and is reported as shouting, "If you rat to the cops, (a friend's) gang will get you."

The frightened girl said she ran to a nearby bar, where witnesses declared she fell into hysterics. A woman patron called police.

Warrant for Drake's arrest will probably be served today, police said.

free-lance photographer, 38, 54 Parkview avenue, climbed onto the rear of a towtruck to take pictures and was knocked to the pavement when an auto hit the truck. Mrs. Weisner suffered cuts and bruises but was reported in satisfactory condition by hospital attendants.

Police said the second accident occurred when driver of the auto, Ann Allen, 23, a nurse of 146 Vista Grande avenue, was looking at the smashed cars and failed to see the tow truck. She was cited for driving without due caution.

The fatal accident is still under investigation, according to Traffic Inspector Henry Sundermann.

Vandals Break Windows At DC Assembly Church

Rock throwing spree by juvenile vandals resulted in two broken windows at the Assembly of God church, 1006 Hanover street, Saturday night. The Reverend Tom F. Sandry, pastor, who discovered the damage before Sunday morning services, told officers that neighbors had observed youngsters in front of the church the previous evening.

Damage was estimated by the pastor at $25.

Thugs Escape With $61 From County Line Store

Two bandits escaped with $61 in cash receipts from the County Line market, 6000 Mission street, Sunday noon.

Owner George Mirabella, 65, told officers that two men entered the store and paid for a bottle of wine with a $1 bill. Mirabella said that when he got change from the cash register and closed the drawer, one of the thugs requested that the store owner return his dollar and offered to give him the proper change.

In doing so, Mirabella related that he left the cash drawer open. The bandits then asked to see a bottle of wine on a far shelf, and while Mirabella's back was turned, grabbed the $61 and calmly left the store.

SURVIVAL OF THE FITTEST

Often heard in public places is the question, "How can newspaper print stuff like that?"

We are not referring solely to our publication, but to "newspapers" in general, when we say that the public makes them what they are today.

Last year Dr. Dwight Bentel, head of the journalism department at San Jose State college and one of the leading journalism educators in this country, did a magazine article entitled, "The News Is What You Make It!"

"There's little wrong with the American newspaper that its readers couldn't fix," opens Dr. Bentel.

"...You hear lots of grumbling about the newspaper press," continues the educator. "It's too much this, and not enough that, and why does it print all the crime and scandal and stuff? But fact is the newspaper is what it is because that's what the readers will buy.'

Of course, as Dr. Bentel points out, "Most editors aspire to something better. But their readers set the ceiling. Even the most able, the most idealistic editors can't put out a better newspaper than the subscribers will read."

The reason newspapers are fashioned by their audience is obvious. "The newspaper is a product of evolution...survival of the fittest," explains the professor. "Newspapers that please the public live. Those that don't...die. American journalism is strewn with the dead bodies and bleaching bones of publications that seemingly had all the qualifications for success except one...The public didn't like 'em."

Dr. Bentel proves this with ample illustrations of once circumspect but robust newspapers that now litter journalism's graveyard.

He revealed that scientific studies of newspaper readership show that "much of the really significant news commands such low readership that most newspapers don't dare print it. Even the Geneva conference ran a poor second, on the coast, to the Stephanie Bryan murder case."

Thomas Jefferson, of course, was right in saying "The best way to head off unsound opinion is to give the people full information of their affairs through the channels of the public papers and to contrive that these papers should penetrate the whole mass of the people."

Dr. Bentel wholeheartedly agrees that "Newspapers have a responsibility to society. They have an obligation to educate their readership. ...Most of them work at it. More than the reading public suspects."

As Dr. Bentel concludes, "In our time it is more important than ever before that the public know what's going on, and why."

Even on the level of a weekly newspaper this applies. We are among those papers aspiring to better things, and always have been. We, too, survive on the sufferance of you, the reader.

COPS ARREST FATHER ON AIDING DAUGHTER TO MOVE FROM HOME

A Daly City electrician was arrested early Sunday morning after officers stood by to protect his daughter while she moved her belongings from her father's house.

Held on drunk and protective custody counts was Elmo Johnson, 46, 835 Hanover street. Now out on $25 cash bail, Johnson is scheduled to appear in muncipal court March 6.

Officers said they agreed to accompany Johnson's daughter, Diana, while she picked up her clothes. The arrest came after Johnson made taunting remarks to his daughter as she was leaving, the police report said.

City Candidates Tell Platforms

JOSEPH J. VERDUCCI

In his campaign for re-election to the Daly City council, Mayor Joseph Verducci announced this week he would concentrate on a program of "informing the public of the issues."

Commenting that real issues are often clouded with "petty politics," Verducci called on citizens to "demand the facts" from the candidates. As part of his campaign, he's starting a weekly advertising series this week devoted to informing the public. "Unless I am maliciously slandered or libeled," the mayor declared, "I will not waste time jousting with the malcontents over issues not having the most remote connection with good government." He said, "It is my duty to the public to present my accomplishments as my platform. If the public feels as I do, that I am 'Keep Daly City In Business,' they will return me to office."

This week's message from Verducci outlined the progress made in recreation and parks since he assumed office in 1952.

Verducci, mayor since 1954, has background of extensive education and administrative experience. A graduate of the University of California, he is now director of the entire athletic department and head football coach at San Francisco State college.

One of the most popular Bay area sports personalities, Verducci has gained respect for his ability to think and speak on his feet in radio, television and public appearances — an ability which he demonstrates as the head of Daly City's governing body.

Recreation, one of the most important facets of a community's life because of the effect it can have on its young citizens, has long been of concern to Verducci as a councilman. See page 8 of this week's paper for the mayor's report on recreation in Daly City.

JANE KEITH

Taking out nomination papers for the office of treasurer of the City of Daly City—having long time friends and fellow workers sign them and finally, filing them in the city hall has added up to the longest and most serious step I have ever taken as a woman and citizen of these United States of America.

My life, previous to the past ten years spent in Daly City, followed a pattern familiar to many Americans who live in apartments or homes but never in a "neighborhood"—never in a "community." Government was Washington, D.C. —Washington, father of our country—or a City Hall, considered in all ignorance to be the source of every bothersome "City" trouble. Living in Daly City was a revelation as I met its people and fought with them for better schools, better parks, better community services through such agencies as the Community Chest and better government, too, as I gradually learned that government here was "of the people, for the people and by the people" and that my presence counted.

One friend called me a fool for taking this, my first political step, in a town where factions, semi-factions and "fractured" factions are not only rampant, but rampaging! But foolish or not, I consider Daly City my "home" town and wish to serve it!

When the city clerk accepted my nomination papers and the full realization of what they stood for and meant struck home—I vowed to do my best if elected. What person, I ask, can promise more?

EDWARD J. DENNIS

Councilman Edward J. Dennis today pledged to conduct a "clean and dignified campaign" for his re-election to office.

"Progress and improvements are of first priority to the citizens of our rapidly-growing community," said Dennis. "An improved Daly City means higher property values and added business opportunities for individuals."

The incumbent continued by saying, "The old days of washing dirty linen and personal feuding should be left to the past.

"With installation of the budgetary control, the city is now operated on a highly successful pay-as-you-go plan which assures protection to the taxpayers. This system can be compared with the housewife who carefully watches the family budget—at all times each city department knows exactly how much funds it has left."

He also cited as good business methods the setting aside of funds for capital improvement projects such as re-paving streets in the olders sections of the city.

Dennis also called for continuation of "fine work" of the volunteer firemen working in conjunctions with "our efficient and capable regulars." He said, "Because of the combined efforts of regulars and volunteers Daly City enjoys maximum protection at one of the lowest possible insurance rates.

Other innovations cited by Dennis as steps forward for the city were the recently adopted dance ordinance, "which has cleaned up a bad situation," and the dog leash ordinance, "which restricts pets from running the streets uncontrolled." He cited the fact that he personally introduced this legislation for passage.

"In later stories further reports of my voting record will be told to show citizens of my endeavors to offer Daly City sincere and progressive leadership for the benefit of all my constituents."

PAUL M. HUPF

Paul Hupf, 34-year-old attorney and civic leader, today announced formation of a citizens committee for his election to the Daly City council.

Chairman Frank Pacelli, 117 Windsor drive, said "The need for a man of Paul Hupf's ability and vigorous approach to government has prompted a tremendous response on the part of citizens to work for his election."

Secretary of the committee is Robert O. Martini, while Albert Polonsky is treasurer.

Hupf's campaign slogan of "Put Ability In Government" is an apt one, said Pacelli. "This independent candidate has a wonderful record of community service and was recently appointed to the city personnel board. A U.S.M.C. combat veteran of the Pacific Theater in World War II, he has been a practicing attorney for more than seven years.

"Hupf's background in law and the attendant knowledge that a man of his profession must have marks him as the caliber of councilman Daly City needs in this period of growth," continued Pacelli.

Pacelli said Hupf's experiences on the personnel board have shown the candidate "the striking need for re-vitalizing our government. Many departments are in need of an overhaul to bring them up to standards commensurate with a city of 27,000 population."

"Hundreds of citizens wouldn't be rallying on Hupf's behalf if we didn't think he was the most qualified man to help govern our city," concluded Pacelli.

Hupf lives with his wife and two daughters at 648 No. Mayfair avenue.

SAM GRADO

Sam Grado, for ten years a Daly City citizen, of 88 West Cavour street, announced his candidacy for Councilman on a program of "bringing our government back to the people" and with a promise of bringing some common-sense to the City Hall.

A nine-year veteran of the Daly City fire department, Mr. Grado presently holds the rank of captain, in Company No. 6. He is also a member of the Widows and Orphans Association and the Veteran Firemen's Association.

Associated with the New Mission Plumbing and Heating Co., Sam Grado holds membership as a journeyman Plumber in Local 467, San Mateo county AFL, and was formerly a plumbing contractor here in Daly City with the Ed Rosenbaum Company.

Honorably discharged from the Army of the United States in 1940, for physical disability, Mr. Grado is a member of the Fraternal Order of Eagles, and the Foresters.

Among the sponsors vigorously supporting Sam Grado for Councilman, as "A Grade 'A' Candidate," are Joseph Martorana, Florence Sundstrom, Woodrow Green, Leslie J. Ritchie, Pauline Bertetta, George D. Jester, Joseph J. Trapani, Albert A. Silicani and Frank M. Tardelli.

Village Notes

By Gwin Mitchell

PL 5-0679

Stole a minute from one of our busiest gals—Verla Worn—for a slight chat the other day. She had just gotten back to Larchmont from the medical convention at Carmel, where she was kept busy with stenotype, audiograph, tape recorder and dictaphone. Verla is a verbatim medical recorder, and she is kept pretty busy. Her trouble is transcribing—there just isn't enough time to do both—so she is looking for someone who would like to earn a little extra pin money, knows how to type and transcribe, and understands medical terminology.

Neighbor Holmes Mitchell (Maddux) is home, out and about after an operation and a stay in the hospital. Everyone is glad to see him back, including us. . . . The Holman family on Cliffside drive is glad to have wife and mother Mildred back home, too, after a similar time away from her family. Hal can now go about his duties as the president of the Village Churchmen with a lighter heart. Everybody feels better when a friend or neighbor is back home, well and happy.

When a young lady is 6 years old, it's a very important day, so naturally friends have to help celebrate. Louvaine's Beth Lichtenberg was the lucky lady, and Sandy Rabinowitch, Barbie Gantert, Gail Hixon, Carmel Navarro, David Bryce, Jan Rizzo, Marty Warmoth, and Ramey Lichtenberg whole affair was a movie show—and refreshments!

Visitors From Japan

Gilman's Joe and Alvia Peterson had a wonderful week when old friends from Zama, Japan, stopped by for a visit. It was the first time the Petersons and Peg and Bond Hammond had seen each other for nine years, though the Hammonds had been Stateside about two years ago. Alvia met the Hammonds when she and Peg both worked in the civil censorship detachment in Osaka in 1946-47. Bond is currently with the Office of the Engineer in Zama, and her and Peg are on a 90-day leave visiting relatives in Seattle, Wichita, New York and Puerto Rico. While they were here, they saw other mutual friends and Alvia and Joe took the chance to have an out-for-dinner evening or two.

Marilyn Hartman had a houseful on Maddux when she gave a copper party. Myra Centanni, Bets Doyle, Terry Vigano, Claire Williams and Jean Proctor represented the neighborhood, and there were about ten guests, from Marilyn's old haunts on 47th Avenue. Altogether a very successful party, we hear!

Get well wishes are due to lots of Villagers, both grown up and child size: Clarkie and Jay Elliot, Chrissie Dethlefsen, Barbara Northrup, and Mark Swedberg are, we hope, all over their sicknesses, and the same wish for everyone else not quite on top of the world.

Things To Cope With

Things to Cope With Department: Meredith Orloff had a time with a pot of uncooked beans, which as time went by, rapidly became several pots of half cooked beans, and then many pots of well-done beans! . . . What do you do when you find a 'possum on your back porch eating out of the cat's dish? Bunny Gillespie left this problem up to husband Ken. Ken and the 'possum looked at each other for a while, and then, the visitor having finished his meal, departed, leaving a thoroughly bemused householder and a thoroughly frightened family cat!

The Milani family on 88th has been busy—with a birthday party for daughter Kathi, and a Stanley party for mother Wanda. All this in the midst of having three rooms painted! Kathi's party marked her 4th birthday, and was quite in style with a Valentine theme. Pip Mattison, Mark and Mike Tannehill, Vickie Hull, Janice Brown, Robby Parkison and Lilly Bustamente came for the fun. Mrs. Chloe Tannehill, Pat Tannehill, Gracia Krueger, Phyllis Brown, Mary Coppola, Ruth Knedel, Grace Lippi, Rosalie Holmes and Kay Braun were Wanda's guests, with Charis Walker of SF as the Stanley demonstrator.

Sonia, Marianne and Raymond Hrushka have been joined by John Carroll, and the whole of Thornhill is rejoicing with parents Marie and Ray. Not only did the new member of the family balance things nicely by being a second boy, but he is a long-awaited redhead! And he weighed some 9 lbs. plus, as well.

Valentine Party

Cathy Meade decided to have a Valentine party for the pre-school bunch on Maddux, so with duly apropriate decorations and refreshments, things got under way with Wanda Chinevere, Nancy Mitchell, Eddie and Margaret Box, Pat Meade, and friend Helen Jenkins from Marin, all very enthusiastic about the whole thing! It was a luncheon party, with nap time afterwards!

Evelyn and Al Toschi over on Sweetwood have been busy these days, too. First, it was a christening celebration for newest daughter, Mary Anne. Present at the ceremony at St. Thomas More church with Evelyn and Al were Sam and Cleon Cheskey, the godparents, and both grandmothers—Mrs. Gino Toschi and Mrs. Ralph Baldwin. Tommy Cheskey and Linda and Allen Toschi were also proudly in attendance. Afterwards there were refreshments at the Toschi home.

Clark and Alyce Bird, who have been staying temporarily with Clark's family in SF, took the Toschis out to Veneto's and the Top o' the Mark for a sort of recognition evening of the nine years the families had been neighbors.

Birthday Season

The season of birthdays is on hand again, and Louvaine has been party-happy! Marty Warmoth had his 7th celebration, which wound up with a spirited game of cowboys in the back yard. Bob Bjorkquist, Ricky Gantert, John Rizzo, Lee Masterson, Johnny Davy, Tommy Winkler, Steve and Janice Mackintosh and Patty Warmoth were the gunslingers, with, of course, a longish stop at the cake and ice cream chuck wagon first!

Across the street from the Warmoths, the Peter Rizzos had house-guests for a weekend. Frances Schofield, a friend of Jan's, came over from Vallejo with her son, Buck, and her parents, Mr. and Mrs. C. J. Monahan. Pete and the Monohans went to the races Saturday, and everybody went to Playland Sunday, so it was a busy two days.

As you can see, this week's column is kind of thin. Although we haven't said so in print, we do welcome calls. Birthday parties, friends visiting, trips away, new babies, new cars, funny happenings—all are grist to this literary (?) mill. We have had some calls this week, and since there seemed to be some question about calling in from some who had news for us, henceforth this explanation and request. Don't dismiss things as unimportant—call us!

Devils Postpile National Monument, created in 1911, contains 798 acres and preserves an extraordinary formation of symmetrical blue-grey basaltic columns.

Mrs. Jensen Awarded Life Membership

A national honorary life membership award, presented for the first time by a local unit group at a district meeting, was part of the Founders Day ceremonies of the Seventeenth District, California Congress of Parents and Teachers, at Thursday's meeting in Burlingame.

Mrs. Stella Jensen of Colma was honored with this membership in recognition of her 30 years of work with PTA, Girl Scouts and Job's Daughters groups. The presentation was made by Mrs. Foriest Cunningham, chairman of the coordinating committee of the Jefferson Elementary and Union High School Districts' PTAs, in the name of the committee.

Dr. Byron C. Curry, assistant San Mateo County superintendent of schools and director of administration, received a state honorary life membership from the district, and a certificate award in memoriam was sent to Mrs. L. G. Owen, first district president, in the name of her late husband.

Action taken at the meeting included a vote to endorse the Grand National Junior Livestock Exposition this year, as before; a vote to purchase a Braille book-binding machine; a vote for a committee to be appointed to look into the district unit awards system, with a view towards abolishing them.

CCPT Schedules Two Conferences

Mrs. Edward J. Foley, director of the department of parent education and family life, Seventeenth district, California Congress of Parents and Teachers, has annouced the scheduling of two conferences in these fields on March 2 and 3.

On Friday, March 2, the Northern California Council on Family Relations will hold its annual conference, starting at 1 p.m. with an afternoon meeting at Lincoln school in Burlingame, and a dinner at 6 p.m. and an evening meeting at 7:30 p.m. at Burlingame Intermediate school.

Mrs. Dorothy Westby-Gibson, president of the Council, will conduct the afternoon session, with lectures by Dr. Judson T. Landis, associate professor of family sociology at the University of California, and Dr. Henry Gunn, Palo Alto, superintendent of schools. There will also be special group discussions.

Ruth Collins, assistant professor of secondary education at the University of California, will be chairman of the evening session, with Dr. Clark Vincent, assistant professor of family sociology at the University of California, Dr. George Muench, clinical psychologist at San Jose State college, and Dr. Edmund Volkart, assistant professor of anthropology at Stanford University, the featured speakers.

Registration is free for members of the Council, $1 for non-members. Membership in the Council may be taken out for $1.50 a year. Reservations for the dinner are $1.75, and must be mailed to Mrs. Dorothy Westby-Gibson, Family Life Education Service, 135 Van Ness avenue, San Francisco 2, no later than Tuesday, February 28.

On Saturday, March 3, the Northern California Parent Education Conference will open at 9:30 a.m. at the Burlingame Intermediate school. Under the title of "Organizing Communities for Parent Education," the morning session will feature a panel discussion with Mrs. Edward Foley, Philip Morse, Mrs. Dorothy Westby-Gibson, Mrs. Bess Bolton and Miss Edith Schlosser as participants. Dr. Milton Babitz, parent education consultant of the California State Education Department, will act as moderator.

Luncheon will be at 12 noon, followed by a socio-drama on family relationships, discussion, and section reports.

Reservations for the luncheon are $1.50, and must be mailed to Mrs. Gertrude Archibald, San Mateo Cooperative Nursery School, 15 South Humboldt street San Mateo, not later than Wednesday, February 29.

Mrs. Wilson - Second Grade

We are happy to announce that five children from the second grade were eligible for good citizenship awards. They are Rosemarie Peterson, Lynne Smith, Roberta Torre, Jimmy Tuhtan and Mary Prado. We are very proud of these children.

We have two new children in our class. Theresa Archuleta comes to us from the John McLaren school and Billy McLaughlin comes to us from Norfolk, Virginia. Billy will soon be going to the country Thailand to live with his parents. He is going to tell us what school is like there.

Jimmy Tuhtan has become very interested in planets and space travel and has brought much information to class. We have learned from Jimmy that the planet Pluto is really a moon that belongs to Neptune—just like our own moon.

We are building a store in our classroom and have discovered many interesting things about our food and where it comes from.

Group Will Receive Holy Communion

Members of the Marian club will receive Holy Communion as a body when they attend the 9 o'clock mass at Our Lady of Perpetual Help church Sunday morning. Following the mass, a breakfast meeting will be held in the school auditorium. A "Mystery Menu" will be prepared by Larry Shaw, Phyllis Cloonan, Shirley Blennerhassett, Linda Wienholz, Ron Biancalana and Bob Brugioni.

Plans will be made at the meeting for the observance of the club's first birthday, March 25. The Mardi Gras, held February 8, was termed a success. Prizes for the most unique costumes were awarded to David Featherstone, Gloria Hall and Wayne Cardellini.

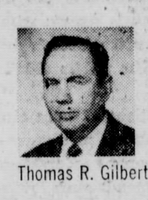
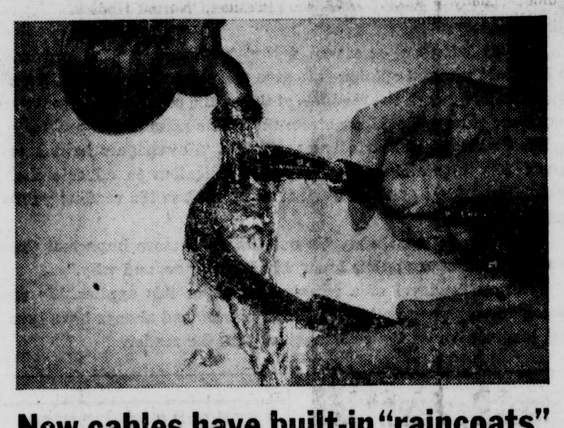
WHAT'S DOING



Thomas R. Gilbert, your Telephone Manager in Daly City



New cables have built-in "raincoats"

Inside the telephone cables that carry your calls are many tiny wires. They're the "voiceways". Now, in the picture above, these wires are getting a good dunking under the faucet, as you see. But they're still dry. For each pair of wires is covered with a plastic "raincoat". Paper was once used for this job in all cables. But now we have a new and economical way to put on plastic covers. Result: Even if harmful water should get into one of the new cables, there's an added safeguard to protect your calls. The men and women of Pacific Telephone work to make your telephone more useful every day.

Now you can send flowers out of town by telephone

Here's a new, faster way to send flowers out of town. Just ask your florist to telephone your order. He will call the distant city and arrange for delivery of your flowers before you leave his shop. If the flowers you want don't happen to be in stock, it's easy, by telephone, to change the order. You'll know the flowers you send will arrive on time, too. Fiorists who offer this new service display an emblem with the words "We speed flowers by telephone" on their window. We think you'll enjoy patronizing them.

To get faster long distance service, remember to call by number!

When you give the long distance operator the number you want, she can put your calls through *twice as fast*. Calling by number —not just name and address— is a real time-saver for you. And to help you keep your out-of-town and local numbers handy, we have a convenient-size Personal Number Booklet for you to list them in. Just call up, drop us a card, or come in to our business office and ask for your free copy. Pacific Telephone.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of JEFFERSON ELEMENTARY School District, of San Mateo County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

Charge Coffee Shop Owner With Pinball Machine Payoffs

Owner of the Spud-Nut coffee shop, 6714 Mission street, was arrested Tuesday afternoon after a local police officer said he watched him pay off a customer on a pinball machine.

Released on $25 bail an hour after his arrest and scheduled to appear in municipal court March 6 is Jan Kruk, 40, 515 Miller avenue, Sharp Park.

Arresting officer Richard Hage reported that he saw Kruk hand $3 in fifty cent pieces to a customer after the patron rang up a high score on the establishment's pinball machine. Kruk's arrest was then made by Hage and Officer John Walsh.

The pinball machine is being held as evidence at the police station, while the owner of the remaining machines has been advised by officers to remove them from Spud-Nut premises.

DOLWIG TO ENTER JUNE PRIMARY

Assemblyman Richard J. Dolwig announced this week that he will enter the June primary election as a candidate for State Senator.

Dolwig, 46-year-old World War II veteran and resident of Atherton, has served in the Assembly continuously since first elected in 1946. In five election campaigns since that time, Dolwig, a Republican, has received an overwhelming majority vote.

Assault And Battery Count Filed Against Daly City Custodian

A 51-year-old Daly City man, knocked unconscious in a fight at a local tavern Sunday morning, filed charges against his alleged assailant Tuesday. Scheduled to appear in municipal court on March 6 is Walter Spencer, 35, custodian of 351 Rhine street.

Assault and battery count was brought against Spencer by the alleged victim, John Teahan, 51, 58 Bepler street, while local police lodged a disturbing the peace complaint against Spencer after the brawl.

Officers Jerry Galindo and Richard Phillips were on routine patrol at 6:40 a.m. Sunday morning when they were signalled by a cab driver and told of a fight at Vince and Fred's tavern, 6278 Mission street.

On entering the bar, officers said they found Teahan lying face down in a pool of blood. He was rushed to Junipero Serra hospital where he was treated for head injuries.

Spencer was booked at the city jail after witnesses said he had knocked Teahan to the floor and then kicked him. The witnesses, Bartender Ed Dendler, Dessie Burke and Bud Loomis, told officers that the incident began when Spencer made profane statements to a woman patron, who later admitted to being his wife.

Teahan attempted to put a stop to the profanity and tapped Spencer on the shoulder to attract his attention when the custodian slugged him, witnesses related.

Spencer is now out on $150 cash bail.

Colma Woman Given OK On Pinball Machine

One local resident was among the 10 people whose applications for pinball machines were approved by a 3-1 vote by the San Mateo county supervisors Tuesday.

Delorice Freeborn, 17 San Pedro road, Colma, received approval for one machine.

Supervisor Thomas J. Callan cast the one negative vote, saying that he does not think the sheriff's office investigation of the applications "is properly finished."

Callan unsuccessfully urged that the new applications be continued until 2:30 p.m. Tuesday, when Sheriff Earl B. Whitmore will submit a report on pinball machines as requested by the board.

At that time representatives of two women's clubs and ministerial groups also are expected to appear again to urge adoption of an anti-pinball ordinance.

DALY CITY BOY DIES IN CRASH

Pfc. Frank W. Mulligan, 20, the son of Mr. and Mrs. Ray B. Mulligan, 198 Vista Grande avenue, Daly City, was among the 40 Marines who died in a plane crash in Alameda county February 16.

Mrs. Mulligan received a telephone call from her son on the 16th informing her that he was leaving the El Toro base near Santa Ana, and would telephone her when he arrived in Alameda. However, the call never came.

The parents' hopes were revived when the list of those who perished was issued. But their hopes were short lived, for the Marines had issued the wrong list.

Private Mulligan attended Riordan and Lowell high schools in San Francisco, and was graduated from Lowell. Following this he attended San Francisco State college for a year. He was active in Sea Scout Ship-Sea Horse and followed his interest by joining the naval reserve. Seventeen months ago he transferred to the marine corps and went on active duty.

Besides his parents, young Mulligan is survived by a brother, Thomas J Mulligan, and two sisters, Sadie May Mulligan and Mrs. Alice M. Bedford. Funeral services were held yesterday at the Lasswell mortuary, 6154 Mission street, Daly City. Interment will be at Golden Gate national cemetery, San Bruno.

JEFFERSON ENDS SEASON WITH 57-53 SSF LOSS

Jefferson high school's cagers closed out their NPAL season by dropping their third straight game, a 57-53 overtime thriller to South San Francisco Friday night on the Indian court. The loss dropped the Jeffs, who only three weeks ago were in first place, into a fourth place tie with Burlingame in the final standings with 5-5 records.

In the preliminary game, Jefferson's 30s edged the little Warriors, 34-32, to take third place in the final standings. It was their sixth win against four losses.

Lose Lead

After losing a 24-17 half-time advantage in the third quarter, Jefferson rallied for 19 points in the final frame to tie the game, 47-47, on forward Larry Pottinger's driving follow shot. However, led by Dean Prince's two goals, the Warriors prevailed in the overtime period.

The Indians jumped out to a 13-9 lead in the first quarter, and widened their lead to seven points at the half. But a disastrous third period, in which they scored only four points to their opponent's 14, eight of them by Prince, wiped out the Jeff lead.

Pottinger was the games top scorer with 25 points on 11 field goals and three free throws. SSF's Prince was right behind with 24, which gave him the league scoring crown with 209 points for the season.

The Warriors actually won the game from the free throw line, as the Jeffs outscored them from the floor, 23-18. But SSF connected on 21 charity tosses, while the Indians could collect but seven.

Ryan Hero

Gary Ryan's bucket with five seconds remaining in the game gave the Jeff lightweights their close win. The game was close all the way, being tied 17-17 at the half, with Jefferson one point up at the three-quarter mark. Barrie Haanan topped the Jeff scorers with 10 points, while Neblolini with 12, and R. Ruiz with 10 led the SSF '30s.

Pottinger and Darrell Hutchinson ended up among the top ten scorers for Jefferson in the final league statistics. Hutchinson was fifth best with 134 points, while Pottinger was no. eight with 105.

Five Jeff lightweights placed among the top 20 scorers in their division. Gary Ryan, 79, Berrie Haanan, 77, and Puzzy Firth, 76, paced the little Indians in 10th, 11th and 12th places. Stan Weld, 52, was 19th, while George Rocchi, 50, was 20th.

Five Local Golfers Survive First Round In Title Flight Play

Five local golfers survived the first round of title flight play in the San Francisco amateur championship at Harding Park Wednesday, while one other was eliminated.

National amateur champion and defending city champion Harvie Ward, tourney medalist Ken Venturi, former city champion Bob Silvestri, Einar Hanson and former champ Ed Castagnetto chalked up first round victories, while Art Linhares was the only local golfer defeated.

Ward shot two over par golf to defeat Stanford's Phil Getchell, 4 and 3. Ward chalked up birdies with a 35 footer on the first hole and one the 491 yard ninth.

Venturi shot four under par golf, by far the best of the day, in defeating former Berkeley city champ Dick Graham, 5 and 3. After getting a bird on the seventh, Venturi reached the ninth in two, and sunk a 22-foot putt for an eagle. He closed out the match with a 15-foot birdie putt on the 15th.

Baseball Season Losing To Weather Indians Rained Out

Baseball season at Jefferson High school is having a hard time getting started.

The practice opener scheduled for Monday with St. Ignatius was rained out, and the game this Friday with Balboa at the Daly City diamond will probably be called because of a muddy field.

Coach Lou Martin's charges will give it another try Tuesday, when they are scheduled to play host to Mission here.

Even practice sessions were out of the question this week because of the bad condition of the field.

Saturday Deadline

Saturday is the deadline for entries in the annual San Mateo county "B" and industrial elimination basketball tourney, according to Ed Lavenport, tourney director. Entry fee is $10 per team. Checks should be made out to the San Mateo county recreation commission.

All games in this single elimination tournament will be played in either the Burgess gym in Menlo Park or the Sequoia high gym in Redwood City. Exact dates of games will be set up according to the number of entries received.

All industrial team members must be bonafide employees of the sponsoring firm. "B" teams entering must have the aprpoval of their own city recreation director, and must not be playing in any "A" leagues.

No changes in team rosters may be made after the deadline for entries. A trophy will be given to the champion of the division.

Sunnyvale Man Found Guilty Of Drunk Driving

A Sunnyvale resident, charged with drunk driving here November 6, was found guilty of the count in municipal court Tuesday. George William Miller, 1070 Susan Way, Sunnyvale, was sentenced to 60 days in the county jail or a fine of $400. Court also recommended license suspension for one year.

STANDING SAME IN DC BOWLING

Standings in the Daly City-Colma Bowling league remained unchanged Tuesday night as the two leaders each suffered one setback.

Vince & Fred maintained their one-half game edge over Westlake Homes by taking a pair from Daly City Cleaners. The tavern gang dropped the third heat, 742-720. Lloyd Selmi's 532 series, backed up by Babe DeLucca's 514 trio, were top efforts for Vince & Fred.

Behind Stan White's 223 game, 562 series, both high for the night, Westlake Homes annexed a pair from Carlo's Pizzeria to keep breathing down Vince & Fred's neck. Carlo's took the second game with a torrid 948 team game, mainly due to the efforts of J. Havill and L. Miller, who had games of 220 and 203, respectively.

San Pedro Lunch held on to third place as they took a pair from Thur Meat, behind Herm Kalinin's 522 series.

Brentwood Lodge swept three from Starway Cocktails with all-around team power.

Luce Meat downed Paul's Flowers twice, but B. Rocchetta salvaged some glory for the losers with a 540 series, second high for the night.

COLMA, ST. GABRIEL TO PLAY FOR CLASS 'B' CHAMPIONSHIP

Colma will face St. Gabriel's Greyhounds in the championship game of the Class B playoffs in the Daly City recreation department's basketball league tomorrow at the community center.

Colma nipped Laguna Salada, 30-28, and St. Gabriel whipped the Holy Angels, 30-13, in semi-final playoff games Saturday.

Backboard control and a tight defense enabled St. Gabriel to measure the Holy Angels. Holding a 12-7 half-time lead, the Greyhounds ran away with the game in the second half. Bob Gorringe with 10 points and Bill Duckworth with nine paced the winners.

Hilton Hillary's drive-in bucket in the overtime period gave Colma its close win over Laguna Salada, after it trailed 15-12 at the half. High for the winners were Hillary with 13 and Sonny Stoller with 12 points.

St. Gabriel's Eagles won their ninth straight game to remain in first place after a big 42-25 win over the Lincoln Links in Class A competition.

Students Win Over Faculty In Benefit Cage Tilt

The Colma elementary school varsity basketball team edged the Colma faculty, 19-18, in a benefit game which saw the March of Dimes come out the real winner with $17.91.

Playing for the varsity, with points scored in parentheses, were Art Banos (8), Tom Kett (5), Don Spisak (2), Roger Stahl (2), Gene Tiedje (2), Richard Mortola, Richard Reese, Paul Hanley, Richard Greenwood, Danny O'Connor, Homer Dickenson, Mickey Woodbury, Bill Keckler, Webb Parker and Martin Cosgrave.

"Keep Daly City In Business"

An Informed Public..... The Key To Intelligent Government

Election issues are usually obscured with abusive charges and vague generalities of promised improvements. I, Mayor Joseph Verducci, will try to present simply and straightforwardly the things I have worked for and accomplished during my term in office. I leave it up to the citizenry to decide whether these accomplishments merit my re-election to office.

Part 1 - Recreation

BEFORE When Councilman Joseph J. Verducci assumed office in 1952, Daly City's outlets for recreation included several run-down parks, a community center that was less than half complete. Personnel included a part-time director, part-time supervisor and three playground leaders. Programs were spotty, and participation was limited.

AFTER Since 1952, the community center is nearing completion. An extensive park in Westlake, along with a clubhouse, donated by Henry Doelger, nears completion date, and the communities several parks have been developed to allow for year-round activities. Personnel includes a full-time director, part-time supervisor and 13 trained leaders who supervise at the parks. A maintenance staff, including a building and playground supervisor, a building custodian and outside laborer has been added. Programs include badminton, volleyball, boxing, wrestling, archery, field trips, arts and crafts, ballroom dancing, adult community course, adult exercises classes. Most of these activities are offered year-round. More than 50 organizations make use of facilities at community center and Westlake clubhouse.

FUTURE The public works department is in process of further extending facilities at the following park projects: 101 Parkview, Peoria Scouthouse, Bellevue Scouthouse, Frankfort playground, Lincoln playground, meeting rooms community center. Mayor Verducci has announced a concerted drive to secure participation of the schools in recreation projects and use of facilities, to avoid duplication of the tax dollar.

Mayor Verducci was intrumental in securing passage by the Jefferson Elementary School district of a 5-cent per $100 tax, proceeds from which will go to joint city-school recreation facilities. Verducci's aim is to see all gymnasiums and rooms put to full-time use, whether they be city or school, thus cutting down on excessive building costs.

COSTS Despite extension of facilities, personnel and capital improvements in nearly every city department, the tax rate was increased only a nickel per $100 from 1954-55 to 1955-56. To the average taxpayer, this means about $1.50 a year, a small price for the extensive services now rendered.
